

Mrunal Vishal Bhoyar

+91-8805912425 | mrunalbhoyar841@gmail.com | Location: Pune, India

PROFESSIONAL SUMMARY

Full Stack Developer skilled in building web applications using React, FastAPI, Python, and JavaScript. Experienced in developing frontend interfaces, backend APIs, and workflow-based applications with practical exposure to real-world development and debugging. Comfortable working across the full development lifecycle with a focus on responsive UI, clean architecture, and problem-solving through software engineering.

EDUCATION

Government College of Engineering, Amravati (GCOEA) 2020-2024
B.Tech. in Electrical Engineering CGPA: 7.62 (Equivalent to 68.7%+ as per university norms)

TECHNICAL SKILLS

Languages: Python, JavaScript
Frontend: React.js, HTML, CSS
Backend: FastAPI, REST APIs
Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), State Management, Responsive UI Development, API Integration, Graph Theory Basics (DAG), Problem Solving
Tools & Platforms: Git, GitHub, VS Code

PROJECTS

Pipeline Builder | React, React Flow, FastAPI, Python

- Built a drag-and-drop pipeline editor for visually designing and validating workflows
- Developed reusable custom nodes including Input, Output, Text, LLM, and Note nodes
- Implemented smart variable detection using `{{variable}}` parsing for dynamic input connections
- Designed backend APIs using FastAPI to process and validate pipeline data
- Implemented DAG-based loop detection to ensure valid workflow execution
- Managed global application state using Zustand

PROFESSIONAL EXPERIENCE

Deccan AI | Freelance AI Code Evaluator Feb 2026 – Present

- Evaluating and correcting AI-generated code based on user prompts
- Debugging and improving code for accuracy, efficiency, and best practices
- Ensuring alignment between user intent and AI-generated responses
- Performing quality checks on LLM-generated outputs for reliability

HCLTech | Associate – Operations Support Oct 2024 – May 2025

- Handled service tickets and access provisioning requests following security guidelines
- Collaborated with cross-functional teams to resolve user and system-related issues
- Maintained documentation and followed structured workflow processes
- Worked with internal knowledge base systems for standardized issue resolution

CERTIFICATIONS & COURSES

Programming in Python – Meta | Databases for Backend Development – Meta | Version Control – Meta

LANGUAGES

English, Hindi, Marathi
